

Increasing Your NET value

Stylus Systems Pvt Ltd is a software development company based in Bangalore www.stylusinc.com

We have served customers in US and Europe in the verticals like e-learning, HRMS, and have customized software's for various clients from different verticals.

Stylus has partnered with Ms. Kau Poh Moi an experienced and respected Instructional Designer from Singapore. She owns a company of her own in Singapore, which has successfully executed a large number of e-learning solutions for global clients. She holds double masters degrees, one in Human Resources Development from the University of Virginia and a second in Education Communication and Technology from New York and has over 20 years of experience in the field of Instructional Design.

We have very interesting and challenging opportunities **for students/experienced who have completed design** course from Symbiosis Centre for Distance Learning.

We are looking for people with right caliber to be trained and experience the entire range of learning and classroom to mediated Learning Design and practices.

Opportunities open.....
