MESSAGE

It is heart-warming to learn about the Convocation ceremony to award certificates and diplomas to students, as well as training and placement of COVID widows, rural girls and unemployed youth by Symbiosis Skills & Professional University, Pune. The thoughtful gesture is commendable.

Over the years, contribution of Symbiosis Skills & Professional University towards shaping the character and personality of our Yuvashakti is appreciable. Be it the award of certificates and diplomas to nearly 2,000 students, training and placements project, or the Incubation & Innovation Center, such endeavours go a long way in equipping students with latest skills and empowering the needy.

Convocation marks an important transition in the life of a student. It signals the end of one phase and the start of a higher calling in life. In an era driven by technology, it is important to continuously update one's learning with latest skills to stay relevant.

Our Government's constant emphasis has been on harnessing the immense potential of our youth and making India the skill capital of the world. In this context, integrating aspirations of our youth with national goals and channelizing their efforts towards furthering ease of living for common man, assumes significance.

May the Convocation inspire the students to bring higher glory for themselves and the nation in the times to come. Heartiest congratulations and best wishes to all the awardees.

(Narendra Modi)
